

High Performance Pedestal Fans

The Art of Quiet Comfort

Keep Quietly Cool and Comfortable All Summer Long

Designer Deluxe Fan

Inspired by the wing design of aircrafts, the Designer Deluxe Fan is able to swing in a 3D motion to deliver quietly superior air, keeping you cool all summer long.

Available in Ivory White

Blade Diameter: 30cm (12in.)

NZ's Quietest Fan

At Mitsubishi Electric we recognise that noise affects comfort. That is why at 12dBA* the whisper quiet Designer Deluxe Fan is not only the perfect way to keep cool during the hot summer nights, but it is also the quietest pedestal fan in New Zealand!

*At lowest fan speed.

Superior Energy Efficiency

With a rated power consumption of just 13 watts, the Designer Deluxe Fan is the most energy efficient pedestal fan in New Zealand!

3D Smart Flow Design

The Designer Deluxe Fan features a 3D Smart Flow Design allowing it to simultaneously distribute air vertically up to 90°C and horizontally up to 180°C, providing superior air circulation for maximum coverage and ensures that no matter where you are in the room, you will be kept cool all summer long.

Convenient Control

The Designer Deluxe Fan not only features control buttons at the base of the fan but also features a convenient remote control allowing you to completely customise your comfort no matter where you are. With a handy control holder on the side of the fan base, you can safely store the remote without losing it.
