

Multi Drawer Collection

EX562 and EX655

Our EX562/655 Multi Drawer Refrigerators feature separate temperature zones that allow for optimum temperature control and customisation so food is kept fresher for longer. With a timeless brushed steel finish, touchscreen controls, and a large 562L or 655L capacity, the EX will be a focal point in your kitchen for years to come.

**NEURO
INVERTER**

The EX seamlessly memorises and adapts to usage patterns for unparalleled energy efficiency and whisper quiet operation.

Superior technology has led to the EX562 and EX655 achieving the Energy Star Mark, the highest efficiency award for a product of its kind in this category.

15dBA

EX Refrigerators are some of the quietest in their class at only 15dBA making them ideal for open plan living.

Model range

MR-EX562W*
685W x 735D
x 1691H mm

MR-EX655W
745W x 735D
x 1821H mm

1. LED Touch Control

The innovative LED touch panel allows you to access the advanced functions with ease.

2. Elevating and Flexi Shelves

Height is easily adjusted on the Elevating Shelf while the Flexi Shelf can be pushed back to make room for taller items.

3. Sliding Chilled Case

Set around 0°C, ideal for keeping foods such as cheese and ham fresher for longer.

4. Non Plumbed Automatic Ice Maker

Simply fill the water tank for crystal clear ice – no plumbing required.

5. Versa Freezer Drawer

Advanced freezing options such as soft and supercool freezing give you ultimate control and versatility.

6. Freezer Drawer

A sliding tray for smaller items is pushed back to reveal the freezer drawer, food storage has never been simpler.

7. Humidity Drawer

Designed to maximise the freshness of produce. Vitalight LED technology in the EX655 maintains the vitamin C content of your food, for ultimate taste and freshness.

The ultimate in freshness and style

Since 1954 the engineers at Mitsubishi Electric have become experts at developing reliable, design-orientated, and functional refrigerators. Sixty one years later we are pleased to introduce our latest range, with a refrigerator to suit any home and any lifestyle. Designed and engineered in the pursuit of excellence, our refrigerators have been developed with superior food storage in mind and have been tested with uncompromising precision.

When creating this range our engineers adopted a 'Form Follows Function' design philosophy. This has resulted in a range of feature driven refrigerators that are specifically designed to keep food fresh as nature intended. Our refrigerators were also developed with an understanding that with open plan living the kitchen has truly become the heart of the home. It is no longer a purely functional space, but an expression of design and personality. This is why we are proud to introduce a range with unique colours, finishes, and designs to match any kitchen.
