

## Refrigeration

# Classic Collection

## Top Mounted Range

Our classic refrigeration range will suit any home, large or small. Combining functionality with style, innovative surround cooling is coupled with a choice of white or stainless steel facade, an ideal addition to any kitchen.

### Adjustable Door Pocket

The Adjustable Door Pocket offers storage to suit your needs.

### Large Tower Light

The refrigerator is brightly illuminated by a tower-style light making the contents easy to see (385E & 420E only).

### Tempered Glass Shelves

The Tempered Glass Shelves are built to withstand up to 100 kilograms of weight.

### Revolving Ice Tray

Ice cubes are released from the tray with a simple twist of the revolving handle.

### Surround Cooling System

Mitsubishi Electric's innovative Surround Cooling System distributes a constant stream of chilled air to each shelf ensuring every corner of the refrigerator is cooled evenly. All

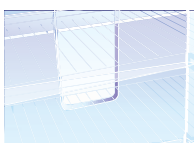

areas inside the refrigerator, even door pockets, quickly regain optimum cooling temperatures after opening (385E & 420E only).

### Sliding Chilled Case

Equipped with a smooth-sliding roller to allow easy access. Great for storing dairy products, fresh fish, meat and chilling drinks. Food is stored around 0°C, ensuring longer lasting freshness.

### Anti-Bacterial Food Liners

Anti-Bacterial Food Liners and a Titanium Filter create a hygienic environment for your food.

### Large Bottle Pockets

The clever door pockets are designed for convenient storage and retrieval of large and small bottles.

### Warranty

Every Mitsubishi Electric Refrigerator is backed by a 2 Year Parts and Labour Warranty and a 5 Year Compressor Warranty.

## The ultimate in freshness and style

Since 1954 the engineers at Mitsubishi Electric have become experts at developing reliable, design-orientated, and functional refrigerators. Sixty one years later we are pleased to introduce our latest range, with a refrigerator to suit any home and any lifestyle. Designed and engineered in the pursuit of excellence, our refrigerators have been developed with superior food storage in mind and have been tested with uncompromising precision.

When creating this range our engineers adopted a 'Form Follows Function' design philosophy. This has resulted in a range of feature driven refrigerators that are specifically designed to keep food fresh as nature intended. Our refrigerators were also developed with an understanding that with open plan living the kitchen has truly become the heart of the home. It is no longer a purely functional space, but an expression of design and personality. This is why we are proud to introduce a range with unique colours, finishes, and designs to match any kitchen.
