

Multi Drawer Collection

WX743

Our WX743 Multi Drawer Refrigerator features separate temperature zones that allow for optimum temperature control and customisation so food is kept fresher for longer. With a stunning glass flat panel design, touchscreen controls, and a large 743L capacity, the WX will take centre stage in your kitchen for years to come.

NEURO INVERTER

The WX seamlessly memorises and adapts to usage patterns for unparalleled energy efficiency and whisper quiet operation.

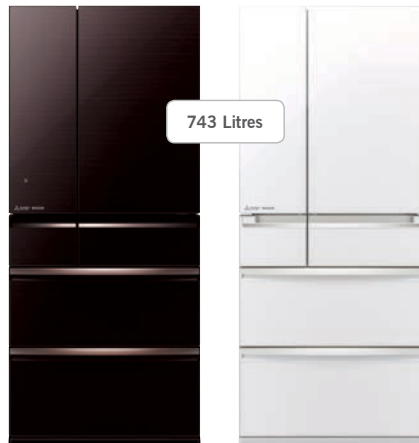

The WX achieves a 3.5 star energy rating and has been awarded the Energy Star Mark, the highest efficiency award for a product of its kind in this category.

15dBA

WX Refrigerators are some of the quietest in their class at only 15dBA, making them ideal for open plan living.

1. Tempered Glass Shelves

Cleaning is easy with tempered glass shelves that can also be pushed back to make space for taller items.

2. LED Touch Control

The innovative LED touch panel allows you to access the advanced functions with ease.

3. Upper Sliding Chilled Case

Set between 0°C and 3°C, ideal for keeping foods such as cheese and ham fresher for longer.

4. Supercool Chilling Case

With flexible temperature control between -3°C and 3°C, the taste and quality of meats and fish can be preserved like never before. Also doubles as a quick chill option for drinks.

5. Non Plumbed Automatic Ice Maker

Simply fill the water tank for crystal clear ice – no plumbing required.

6. Versa Freezer Drawer

Advanced freezing options such as soft and supercool freezing give you ultimate control and versatility.

7. Freezer Drawer

A sliding tray for smaller items is pushed back to reveal the freezer drawer, food storage has never been simpler.

8. Humidity Drawer

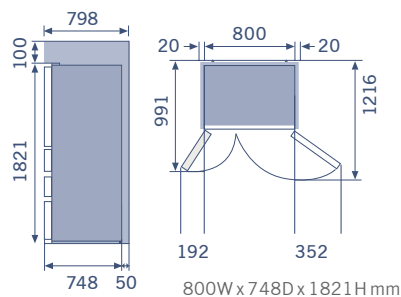

Equipped with vitalight LED technology, the humidity drawer maintains the vitamin C content of your food, for ultimate freshness.

The ultimate in freshness and style

Since 1954 the engineers at Mitsubishi Electric have become experts at developing reliable, design-orientated, and functional refrigerators. Sixty one years later we are pleased to introduce our latest range, with a refrigerator to suit any home and any lifestyle. Designed and engineered in the pursuit of excellence, our refrigerators have been developed with superior food storage in mind and have been tested with uncompromising precision.

When creating this range our engineers adopted a 'Form Follows Function' design philosophy. This has resulted in a range of feature driven refrigerators that are specifically designed to keep food fresh as nature intended. Our refrigerators were also developed with an understanding that with open plan living the kitchen has truly become the heart of the home. It is no longer a purely functional space, but an expression of design and personality. This is why we are proud to introduce a range with unique colours, finishes, and designs to match any kitchen.

Warranty

Every Mitsubishi Electric Refrigerator is backed by a 2 Year Parts and Labour Warranty and a 5 Year Compressor Warranty.
