Glass Door Panels

The CX Glass features stunning glass flat panel doors, presenting a striking finish in either white or black. The toughened glass panels not only look great, they are also durable, easy-to-clean and dent resistant! Designed to be the perfect family fridge, the glass panels can also act as a whiteboard. Whether it's your grocery list or simply a canvas for the kids' art, use a whiteboard marker to make your own statement.

Whisper Quiet – Ideal for Open Plan Living

The Large Capacity CX Glass Range is truly whisper quiet, rated at only 16dBA. In fact, no other refrigerator in its class is quieter!

Key Features

Humidity Drawer with Vitalight Technology

Slow down the wilting process of leafy greens and maintain their original vitamin and antioxidant levels with the unique Vitalight Amber LED Lighting System. Fruit and vegetables stored in this specially designed Humidity Drawer with its integrated Vitalight Amber LED Lighting System will last significantly longer in comparison to conventional vegetable crisper bins.

Non-Plumbed Automatic Ice Maker

Always have fresh, clean ice with the Non-Plumbed Automatic Ice Maker. As there is no separate plumbing connection required, this cost-effective approach to ice making means the fridge can be placed anywhere in the kitchen, not just near existing pipe work. Simply fill the removable water tank and the ice maker is ready to go.

Freezer Drawer

The Freezer Drawer is divided by a sliding tray at the top that can be pushed back to reveal the rest of the drawer. The Freezer Drawer is roomy enough to fit bulky items such as ice cream tubs, loaves of bread and frozen vegetables. The top tray is ideal for storage and organisation of flat pack items such as meat packs. The bin also can be completely removed for easy cleaning.

Supercool Chilling Case

Keep meat and fish fresher for longer without having to freeze them. The Supercool Chilling Case is ideal for storing fresh meat for up to 7 days and fresh fish for up to 5 days without the need to freeze.
