Inverter Technology

The use of super energy efficient Inverter Technology means the CX Range is 32% more efficient in comparison to the G Series. Utilising multiple temperature sensors and Neuro Fuzzy Logic, the CX memorises your usage patterns and seamlessly adapts its power levels to minimise temperature fluctuations whilst maximising energy efficiency.

*300 and 400L Multi Drawer Category

Key Features

Humidity Drawer with Vitalight Technology

Slow down the wilting process of leafy greens and maintain their original vitamin and antioxidant levels with the unique Vitalight Amber LED Lighting System. Fruit and vegetables stored in this specially designed Humidity Drawer with its integrated Vitalight Amber LED Lighting System will last significantly longer in comparison to conventional vegetable crisper bins.

Non-Plumbed Automatic Ice Maker

Always have fresh, clean ice with the Non-Plumbed Automatic Ice Maker. As there is no separate plumbing connection required, this cost-effective approach to ice making means the fridge can be placed anywhere in the kitchen, not just near existing pipe work. Simply fill the removable water tank and the ice maker is ready to go.

Freezer Drawer

The Freezer Drawer is divided by a sliding tray at the top that can be pushed back to reveal the rest of the drawer. The Freezer Drawer is roomy enough to fit bulky items such as ice cream tubs, loaves of bread and frozen vegetables. The top tray is ideal for storage and organisation of flat pack items such as meat packs. The bin also can be completely removed for easy cleaning.

MR-CX370/402 KEY FEATURES

- Inverter Technology
- Neuro Fuzzy Logic
- 3.5 Star Energy Rating
- Whisper Quiet 17dBA
- Vitalight Humidity Drawer
- Non-Plumbed Automatic Ice Maker
- Sliding Utility Case
- Freezer Drawer
- Frost Free
- Two-Way Flexi Shelf
- Multi Airflow
- Super Bright Interior LED Lights
- Removable Internal Drawer Bins
- Door Alarm
